Enclosures.

15th January, 1924.

Dear Sir,

S. With reference to Mr. Davies's letter of the 21st September last, regarding the motor yacht "RIPPLE", and to the report, dated 12th ultimo, issued by Mr. Hugh Boyle, of Jacksonville, in connexion with the survey of damage stated to have been sustained by the vessel on the voyage from the Builders' yard at Kiel to Jacksonville, Fla., I have thought it well to forward a copy of this report to Mr. Chisholm, the Principal Surveyor for Germany, and have now received replies from Mr. Chisholm and the Surveyors who were engaged in the survey.

I enclose herewith for your information copies of these communications, as I think you may consider it desirable to take the matter up with Mr. Boyle, the Surveyor at Jacksonville.

I am, Dear Sir,

Yours faithfully,

James French, Esq.,
NEW YORK.

Secretary.
