Mr.

(F.A.M.)

29th August, 1923.

Dear Mr. Cairns,

I am in receipt of your letter of the 25th instant, enclosing a certificate addressed to the Equitable Trust Company of New York, in the agreed terms, regarding the construction of the steel Diesel Engine Yacht "RIPPLE".

The certificate appears to be in order, and upon the receipt of a cable from you as promised that the yacht has been completed and handed over, we shall be able to cable to the Society's New York Office in order to the issue of a certificate from there in accordance with the agreement.

Your cablegram should also state the amount of the travelling expenses to be collected in addition to the fee, so that we may be able to pass this information on to the New York Office.

Yours faithfully,

R. D. Cairns, Esq.,

HAMBURG.
