

USS Iowa Yacht "Pampa" Sou N° 6894

It is submitted That The Southampton
Surveyors Should be requested to state
Whether The ~~diameter~~ of The Cylinders,
Length of Stroke, & Size of Shafting as
given on Their report have been
verified by Them. Also Whether They
have satisfied Themselves That The Engines
are properly secured in The vessel, & That
The Stem tube, Shafting, propeller & any
necessary sea connections are constructed
& fitted in a satisfactory manner. They
should also report upon The handiness
of The Engine as regards starting & its
capacity for reversing & for running
steadily at such slow speeds as may be
required for manoeuvring purposes.
