Dear Sir,

Your Ref: E. Yacht "CHIMERE" 6L3 Gardner Engine

We thank you for your letter of the 17th instant confirming your intimation to the writer at your Office, that the cast steel sprocket wheel will be accepted, provided same is subjected to hammering tests and on examination found sound and free from defects and Brinnell tests give satisfactory results. We have instructed the Chain Makers to proceed with the machining and deliver to us, so that the above tests can be carried out here.

Thanking you for your courtesy and assistance.

We are,

Yours faithfully,
