The Secretary

LLOYD'S REGISTER OF SHIPPING.

L O N D O N .

Sir,

Referring to your letter of the 7th January regarding the yacht ELENI" ex "LESMONA 5", NO 168 in the 1915 Lloyd's Register, I now beg to submit the following plans for the approval of the Committee:

MIDSHIP SECTION, GENERAL ARRANGEMENT

PROFILL AND DECK,

GENERAL PLAN OF MOTOR,

DETAIL LIST OF ENGINE PARTS,

PETROLE TANKS,

GERMANISHER LLOYD,

CLASSIFICATION CERTIFICATE,

No opportunity has been given yet for seeing the vessel dry but a careful and complete examination has been made as far as possible without removing fixtures and she

W315-0287(1/3)

" LESMONA 5" now "ELENI" .

has been found to be in accordance with the plans, in excellent condition and without a trace of rust or corrosion.

This yacht was hauled up dry under cover during the war. While willing to open up in the crew space and such like parts the owner naturally demurs at tearing down the cabin work which is of a luxurious kind , especially as it is stated that it has been recently fitted in Germany when the parts thus covered would be exposed to the survey of the German Lloyd.

The equipment now consists of 3 galvanized anchors, but only the heaviest is stamped as follows:

R 13-5-09. G  L 125 k . 4. 750 .

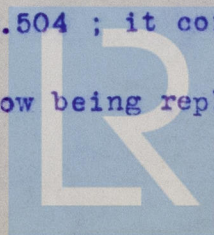

The cable is stated to consist of 2 one hundred meter lengths . It is about 16 m/m close link, without wear , and the end link is stamped:

R.S 4658  L 4-12-2-0-.

There are 2 mooring ropes 3 1/4 and 2 3/4 inches ; others are stated to be in the lockers .

With regard to the motor it is a Gardner , 2-7 inch cylinders, single acting engine and is ordered per Steinman & Co - Liverpool, to 2 HM 8.504 ; it consumes petrol .

A cylinder is now being replaced

" LESMONA 5 " now "ELENI" .

but beyond that nothing has been open out.

This yacht has an electric light installation for
39 lights ; voltage 65 x 25 amperes, also 2 ice making machines.

Please return the plans etc... when finish with.

I am, Sir,

Your obedient servant.

A. Demarest
