Y. Duple, Bart.  
Port of Registry Portsmouth

Boiler Survey became due at the end of July 1933.

In September last the Owners wrote that the vessel was laid up and they did not wish to carry out survey if it could be avoided. In the circumstances, we were informed that provided the boiler were not used during the lay up period no survey would be necessary until the vessel again proceeded to sea.

The Southampton Surveyors now state the vessel still laid up.
