3rd October, 1933.

Dear Sirs,

I am duly favoured with your letter of the 27th ultimo in further reference to the Screw Schooner Yacht "MARION", the contents of which have been noted.

In the circumstances you mention, I have to say that provided the boiler is not used during the lay-up period, no survey will be necessary until the yacht again proceeds to sea.

I am, Dear Sirs,

Yours faithfully,

Clerk to the  
Classification Committee.

The Exors. of the late Col. Sir  
William T. Dupree, Bart.,  
The Brewery,  
King Street,  
SOUTHSEA.
