REVERSE & REDUCTION GEAR BY MESSRS PARSONS OIL ENGINE CO LTD.

It is submitted that the plans of reverse gear and
reduction gear merit approval

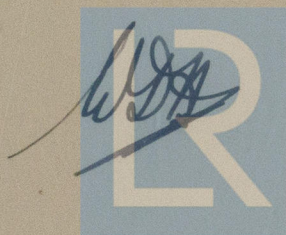

provided they be fitted on board and tried under working
conditions to the Surveyor's entire satisfaction

With reference to the enquiry in the last paragraph of the
Surveyor's letter, they should be informed that Messrs Allen
state that the diameter and weight of the flywheel for this
installation are 640 mm and 320 lb respectively.

Return 2 plan.

Retain 2 copy.
