Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

6th March, 1939.

Dear Sirs,

S(Y).

With reference to the Special Survey of the Hull which becomes due this month on the Wood Screw Schooner Yacht "LILY MAID IV", I think it well to acquaint you that I am advised by the Society's Surveyors at Marseilles that it is the Owner's intention to deal with all outstanding surveys on this vessel during the coming Spring either at Antwerp or Southampton. In the circumstances, I shall be glad if you will give the case the necessary attention should the yacht arrive in your district.

For your information, I would add that the Special Survey of the Machinery and the Screwshaft Survey will become due in July next.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
ANTWERP.
