Manchester, 20th September, 1927,

Reference

Dear Sir,

We herewith forward, for the consideration of the Committee, a set of plans in duplicate submitted by Messrs. L. Gardner & Sons, Ltd. of their 4T4 four cylinder, semi-diesel type oil engine intended for an auxiliary set for the S.Y. "NARCISSUS", building by Messrs. Camper & Nicholson Ltd.

We are, Dear Sir,

Yours faithfully,

for the Surveyors,

The Secretary,

LONDON.

RECORDED

INDEXED

TO THE SURGEON

FROM THE CHIEF ENGINEER

DEAR SIR

Reference is made

to the report of the Chief Engineer dated 14th September 1927

concerning the proposed alterations to the hull of the vessel

and the fact that the proposed alterations are of a nature

which would materially increase the draught of the vessel

and that the proposed alterations are of a nature which would

be of a nature which would
