MDB. RPT. No. *11a20*

21 st April 1924

Dear Sirs,

I beg to inform you that the Motor Yacht "PRINCESS" (Burness.S.B.Co's No 46), has left here for Gosport, where it is proposed to complete the survey (SLMC 4,24) on the machinery.

To complete this survey the hot bulb engine required by Section 2 Paragraph 20, of the Diesel Engine Rules, requires to be examined under working conditions with a view to ascertaining, if it can be started from the cold condition and is capable of charging the air receivers.

Your attention to this matter will oblige

Yours faithfully,

Wm Morrison
