

PUMPING ARRANGEMENT Endorsement.

Shipbuilders: Messrs.

John I. Thornycroft, Ltd

Yard No.

1172

Engineers: Messrs.

Engine No.

Owners: Messrs.

"Motor Yacht"

It is submitted that the plans of
Piping Pumping Arrangement of water, compressed air, fuel & lubricating oil, and Exhaust Systems.
merits approval, provided the arrangements be as

shown and amended on the plan and the remaining

requirements of Sections 20 and 34 of the Rules (1936-7)

be complied with so far as they are applicable.

It is concluded that one of the lubricating oil pumps on each engine is capable of performing the entire lubricating oil service for that engine in the event of the other pump breaking down.

The surveyor should satisfy himself regarding the oil fuel drainage arrangements in way of the heating boiler.

Return plan.
