Dear Sir,

We are in receipt of your letter of the 25th instant (reference "S") and are much obliged for the consideration you have given to the point raised in our letter of the 20th instant addressed to your Surveyors at Belfast.

Whilst we note the explanation given for the additional charge made in respect of the survey of auxiliary machinery at other Works, we are hopeful that in view of the efforts towards economy which are being put forward on every hand it may be possible to revise the particular rule bearing on the question for future cases.

We are, dear Sir,
Yours faithfully,
For HARLAND AND WOLFF, LIMITED,

A. S. Marshall
Assistant Secretary.
