The Principal Surveyor,  
Lloyds Register of Shipping,  
Tower Building,  
Liverpool.

Dear Sir,

T.S.S. "ALMEDA STAR"

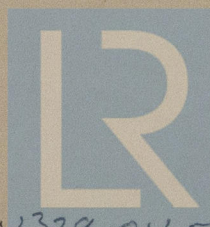

With reference to your letter of the 29th ultimo, we have noted it is considered desirable to fit an alarm device to the settling tanks in view of the fact that in practice the overboard overflow valves are closed when fuelling the ship.

We enclose print P.81, (in triplicate) shewing details of the alarm which we propose to fit and shall be glad to hear this meets with your approval at an early date.

Yours faithfully,

FOR AND ON BEHALF OF  
CAMELL LAIRD & CO. LIMITED.

MANAGER.
