Liverpool, 3. 16th January, 1935.

Dear Sir,

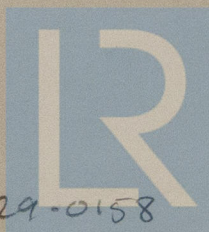

With reference to London letter of the 10th instant regarding proposed modifications to pumping arrangements for the s.s. "ALMEDA STAR", I beg to state that I am informed that no alarm device is proposed to be fitted to deep tanks. Both of these tanks fulfil the purpose of overflow tanks and overflow pipes are fitted from each to connections on each side of the vessel.

I am, Dear Sir,

Yours faithfully,

J. S. Mullon

The Secretary.
LIVERPOOL.
