

Steamers "ALMEDA STAR" & "ANDALUCIA STAR".  
-----

Plans of fore end framing, shell plating forward, and upper forecastle deck plating submitted, in triplicate, by the Builders direct.

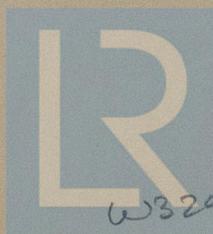

These plans represent the Builders' proposals for lengthening the vessels by 50 feet on the water line.

Mr. Sydie, the Builders' Representative, has called and discussed these plans, and has decided to withdraw the plan of shell plating forward, and to submit a new plan of this part of the structure.

It is submitted that provided the arrangements be carried out as shewn and amended on the plans and to the satisfaction of the Society's Surveyors, the same will merit approval.
