CUNARD BUILDING,

(2ND FLOOR),

LIVERPOOL, 3, 7th December 1934

STREET.

The Secretary.
Lloyds Register of Shipping.
London.

"Almeda Star".

Dear Sir,

Your favour of 6th instant to hand, from which we note the probable compensating increase in sectional area in view of the proposed extensions to above s/s, as also the increases that will be required in Equipment for these extensions.

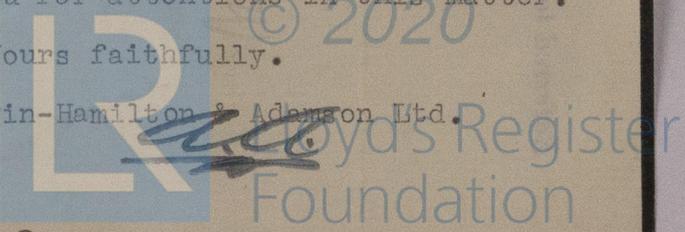

We thank you for this information, which meets present requirements.

It is quite probable that these extensions will be gone on with for one or two of the vessels. When Builders (Messrs Cammell Laird & Co.) have prepared the necessary plans for submission to you the opportunity will be then taken to further discuss the above with you, when no doubt quite satisfactory arrangements for increases will be made.

Again thanking you for attentions in this matter.

Yours faithfully.

A. Goodwin-Hamilton & Adamson Ltd.

W329-0190

Referred to the Chief Ship Surveyor,
