

T.S.S. "ALMEDA STAR".  
-----

Messrs. Harland & Wolff, Ltd., have been requested to quote for the carrying out of certain alterations to the above vessel, and the Glasgow Surveyors state that the Builders desire to be informed by wire if the equipment now on board could be accepted for the vessel if altered as proposed.

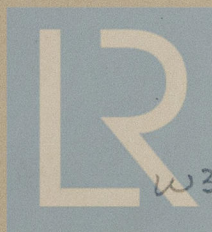

This proposal has already been dealt with on a submission of to-day's date for Messrs. Palmers Hebburn Co.

It is submitted the Glasgow Surveyors be informed that if all the alterations shewn on the plans are carried out the equipment will require to be increased by supplying an additional 45 fathoms of 2.12/16" cable.

They should also be informed by wire to this effect.
