Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

14th December, 1926.

Dear Sir,

With reference to Liverpool first entry report No. 91131 on the twin screw steamer "ALMEDA", I have to acquaint you that if the shaft horse power as shown in the report is 8400, it would appear that the nominal horse power as per Rule should be 2078, with a corresponding fee of £151.19.0, i.e.

$$.526 \left(\frac{8400}{6} + \frac{30600}{12} \right) = 2078 \text{ NHP}$$

I shall be glad if you will let me know whether the fee of £178, as stated in the report, is correct.

I am, Dear Sir,

Yours faithfully,

Clerk to the Classification
Committee.

The Secretary,

LIVERPOOL.
