

Boiler  
endorsement

Shipbuilders: Messrs { *Lithgows Ltd*  
*Burntisland S.B. Co.*

Makers: Messrs. *David Rowan & Co.*

Yard { *Nº 948/49/50/51*

Yard { *No. 235*

Boiler { *Nos. 1073/4/5/6*  
*Nº 1077*

It is submitted that the plan of CYLINDRICAL MULTITUBULAR  
boilers merits approval for a working pressure of 200 LB  
per sq. INCH, provided the boilers be constructed under the  
usual conditions of survey and testing.

The Steel Testing Surveyors should be advised regarding  
the tensile strength of the SHELL PLATES & BUTT STRAPS  
viz:- 29-33 TONS PER SQ. INCH.

Return plan.
