Dear Sirs,

I have to acquaint you that the motor vessel "AQUEITY"  
(Messrs. Fellows & Co's Yard No.336) has left Ipswich for  
Greenhithe to have the machinery installed. To complete the  
survey the following remains to be done :-

Chain or steel wire for stream anchor, towlines, hawsers  
and warps to be supplied and examined.

Pumping plan to be submitted and pumping arrangement to  
be installed, including a separate suction in space forward  
of oil fuel bunker.

I shall therefore be glad if you will give the matter  
the necessary attention and furnish your report in due course.

I am, Dear Sirs,

Yours faithfully,
