Recd. 11.8.34.

IPSWICH

10th August, 1934.

Dear Sir,

With reference to the freeboard report on the steamer "AQUEITY", constructed by Messrs. Fellows & Co., Ltd., I have to report that to complete the survey air pipes are required to be fitted to the oil fuel bunkers. It is understood the vessel will shortly be proceeding to Greenhithe where the engines are to be installed and the airpipes referred to above fitted.

No ventilators are to be fitted to the hold of this vessel by the Builders and it is understood the Owners may arrange to have ventilators made and fitted when the vessel is at Greenhithe.

I am, Dear Sir,

Yours faithfully,

signed H.Y. BELL.

The Secretary,

LONDON.
