71, Fenchurch Street, E.C. 3.

2nd June, 1932.

ENCLOSURE.

Dear Sir,

I enclose herewith a copy of a letter which has, today, been addressed to the Society's Surveyors at Greenock in regard to the boiler test certificates for the boilers originally fitted in the s.s. "AVELONA STAR", and shall be obliged if, on hearing from the Society's Surveyors at Greenock that the number in the marks on the boiler at present in the s.s. "AVELONA STAR" has been amended as desired, the Surveyors will prepare fresh boiler certificates, one to be numbered 17055, and one 17055A, each for one single ended boiler.

The certificates will then be forwarded to the Owners from this Office, after being countersigned, the certificate 17055A being retained by the Owners and the certificate 17055 forwarded by them to their Clients in France who have purchased the boiler.

I am, Dear Sir,

Yours faithfully,

The Secretary,
GLASGOW.

Secretary.
