Dear Sirs,

S.S. "ASPASIA".

With further reference to our letter of the 14th ultimo, kindly note that the above steamer is expected to arrive at Workington about 20th instant, and as per instructions received from the Owner, arrangements will be made for the vessel to be generally examined for postponement of the completion of the 2nd Special Survey No. 3.

With regard to the two stoppered stay tubes of the Port Boiler, Owners will make the necessary arrangements for their renewal.

For your guidance, this ship being on Time Charter with the British Government, after completion of discharge and bunkering at Workington will proceed to Takoradi to load another cargo of Manganese Ore for the United Kingdom, and therefore it is imperative for the ship to sail from Workington without delay.

Yours faithfully,
FOR JOHN LIVANOS & SONS LTD.
