Lloyd's Register of Shipping.

High Close,

Wokingham, Berks.

24th February, 1941

Dear Sir,

C.

I have to acquaint you that the Superintendent Engineer of the Elder Dempster Lines has asked for a certificate for the Boiler Survey of the "BASSA" held in Jan. 1940. The reports on this case, as you are aware, have been forwarded to you for guidance, and I shall be glad, therefore, if you will return them so that this request may receive attention.

Perhaps you will kindly telephone the Superintendent Engineer and explain that the certificate will be sent to him in the course of a few days.

I am, Dear Sir,

Yours faithfully,

Clerk to the
Classification Committee.

The Secretary,

LIVERPOOL.

W. Robinson
SUPERINTENDENT ENGINEER.
