Dear Sirs,

N
s.s. "ORAO"

Messrs Ambrose, Davies and Matthews, Ltd., of London, have passed on to us your letter of the 11th instant for our attention. As soon as this vessel arrives in a U.K. port the boiler survey will receive attention; and it is probable that owing to Board of Trade restrictions it will not be possible to carry out the No. 3 special survey, and would suggest that a general examination should be held with a view to its postponement to a more suitable date.

The intermediate wheel for the windlass will also be examined and renewed if possible.

Yours faithfully,

FOR T. A. REED, LTD.

A. G. Bullen,
