

WOKINGHAM COPY.

11th October, 1940.

Dear Sirs,

With reference to my enquiry on the telephone yesterday regarding the steamer "ORAO", I beg to inform you that this vessel became due for the Second Special Survey No. 3 prescribed by the Society's Rules at the end of July last, and that the Annual Boiler Survey became due at the end of June.

I may further say, that the Society's Surveyors at Manchester recently reported that the intermediate driving wheel of the windlass was found to be somewhat worn, and they recommended that this should be specially examined at the Second Special Survey No. 3.

In view of your intimation by telephone that this vessel is expected home towards the end of the present month, I shall be obliged if you will kindly let me know at what port it will be convenient to submit her to the inspection of the Society's Surveyors.

I am, Dear Sirs,
Yours faithfully,

Clerk to the
Classification Committee.
