Dear Sir,

s.s. "ORFORD"

We have to thank you for your letter of the 15th instant informing us that the Committee have confirmed that the above vessel's class should be continued subject to the lower casing of the Starboard H.P. Turbine being again examined before the end of January, 1941.

With regard to the Annual Boiler Survey, we have been unable to carry out this survey as the steamer has not returned to this country since November of last year and as she is under the control of the Government we have no idea when she will be returning, but we propose to carry out the Boiler Survey and the Special No.3 Survey at the first opportunity.

Yours faithfully,

*W. A. M. M. M.*
