# Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

Enclosure.  
Your Ref:-  
60.W.

24th September, 1934.

Dear Sirs,

E.

With reference to your letter of the 17th instant, enclosing in triplicate amended plan of pumping arrangements for the s.s. "NAPIER STAR", I have to inform you that this amended plan will be approved, provided the bilge drainage arrangements for No.4 hold be in accordance with the requirements of the Rules, the arrangements be otherwise as shown and amended on the plan, the remaining requirements of Sections 20 and 34 of the Rules (1933-34) be complied with so far as they are applicable, and all the work be carried out to the satisfaction of the Society's Surveyors.

It is concluded that the cross bunkers can overflow through the O.F. overflow mains to the open at the shelter deck and thus limit the head on these tanks to that indicated on the approved plan of O.F. cross bunkers.

I return herewith one copy of the plan, and am forwarding a copy to the Society's Surveyors at Newcastle for their guidance.

Messrs. Swan, Hunter & Wigham  
Richardson, Ltd.,  
WALLSEND-ON-TYNE.

I am, Dear Sirs,  
Yours faithfully,

Lloyd's Register  
Foundation  
Secretary.
