Dear Sir,

T.S.S. "NAPIER STAR".

With reference to the plans of the above ship which were recently approved by you for an increased length of ship of 15' 0" on the 30' 0" water line, we have now been informed by the Owners that they have decided to adopt a Maierform bow which will increase the length of the ship at this water line by 24' 6" instead of the 15' 0" as originally proposed.

We are preparing new plans of these alterations and our representative will call and discuss these with you on Friday, the 14th inst., which we trust will be convenient to your goodselves.

Yours faithfully,

FOR
