**Lloyd's Register of Shipping,**

71, Fenchurch Street, E.C. 3.

1st September, 1934.

Dear Sirs,

With reference to the telephone conversation which  
M. took place respecting the proposal to fit a new bow of Maier  
form to the T.S.S. "NAPIER STAR", which would lengthen her on  
the waterline by about 30 feet, the wells being filled in as in  
the previous proposal, I have to inform you that the scantlings  
of the vessel have been examined for this increased length, and  
it is found that, retaining the present draught, no increase to  
the scantlings would be required, but it would be necessary for  
the equipment to be made equivalent to letter g†, as in the  
previous proposal.

I am, Dear Sirs,

Yours faithfully,

Secretary.
