25th January, 1898.

Dear Sirs,

Reverting to the correspondence between us last month respecting the case of your steamer "GORSEDD", I beg to acquaint you that the Committee have had before them this day a report from the Society's Surveyor at Calcutta of the survey held there on this vessel's screw shaft, and I have to add that the vessel's class has been continued subject to the shaft being renewed upon her arrival at a port in the U.K.

I am, Dear Sirs,

Yours faithfully,

Secretary.

CARDIFF.
