7th December, 1897.

Dear Sirs,

I beg to acquaint you that the Committee have had under consideration today your letter of the 3rd instant, respecting the case of your steamer "GORSEDD", and with regard thereto, I am directed to say that in view of the nature of the flaws reported to exist in the present screw shaft of this vessel, and of the Surveyor's recommendation that it be renewed before the end of December, the Committee trust that you will use every endeavour to have the shaft renewed before the steamer leaves Calcutta for the U.K., and they must ask you to kindly send instructions to Calcutta to that effect.

I am, Dear Sirs,

Yours faithfully,

Secretary.

Messrs. Hurley, Matthews & Co.,

CARDIFF.
