

25. Sept. 75

Messrs Gladstone & Co

Dear Sirs,

Magnolia

With reference to the first paragraph in your letter of yesterday we learn this morning from Captain Cator that as a matter of fact his ship was never surveyed by Captain Stewart.

It appears that he is in a position to prove this and we presume therefore that you will hold the fees which we have handed to you subject to whatever decision may be come to by Lloyd's Committee upon the question put before them. —

We are, Dear Sirs,

Yours faithfully,

Frederic Smith & Co
