71, Fenchurch Street, E.C.

11th June, 1913.

H. Gentlemen,

I have to acquaint you that the steamer "SHIRLEY" recently arrived at Antwerp and after discharging at that port is to proceed to West Hartlepool where the Special Survey No.3 is to be completed and some repairs effected.

The reports on the case are being forwarded to you under separate cover and I have to request that you will advise me promptly in the event of the vessel leaving your district without the above inspection being fully completed and all necessary repairs effected.

The reports in question should be returned to this Office when their contents have been noted.

I am, Gentlemen,

Your obedient Servant,

The Surveyors,

WEST HARTLEPOOL.

Assistant to the Secretary.
