

Submitted a copy of the Secretary's letters of the 11th and 25th October to the Owners and of the Owners' reply of the 26th October be sent to the Calcutta Surveyor. From these it will be seen that the Special Survey and repairs are to be definitely completed by the end of March, in order to entitle the vessel to retain her class in the Register Book. He should be informed the Owners state the vessel's time charter ends between 10th February and 10th March and he should be requested to state if, in his opinion, the repairs to the deck and bulkheads may be deferred to that date.

It will also be seen that the furnaces of the main boilers are to be again examined in order to ascertain if the limit on same which expired at the end of October may be extended.
