

Extract from a letter dated the 28th September, 1937,  
received from the Society's Office at Trieste:-

M.S. "CELLINA".  
-----

"We are also forwarding eight plans, in triplicate,  
respecting the electric installation which is to be modified  
in some respects, mainly in consequence of the fitting of  
the new refrigerating installation.

The work having already been put in hand, an  
early reply is requested".
