19th July, 1937.

Dear Sirs,

E. I duly received your letter of the 13th instant, advising plans, in triplicate, of proposed modifications of the electrical equipment of the m.v. "FELLA", and with regard thereto, have to acquaint you that these plans will be approved, provided the installation be as shown and amended thereon, and the remaining requirements of the Rules for Electrical Equipment be complied with.

It is concluded that circuit fuses will be fitted behind the main switchboard, in which case the arrangement is to comply with the amended Section 3 Clause 2 of the Rules, as set out in Notice No. 1709, dated 8th April, 1937. I shall, however, be glad to learn if this is the case.

Two sets of the plans are being returned under separate cover.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
TRIESTE.
