Constantinople,

I have to acquaint you that I am in receipt of a letter from the Bureau of the "Bosphorus" in which it is stated that the Master of this vessel has instructions to carry out the second special survey to be done on his arrival either at your port or Merzifin. I therefore enclose herewith for your information a guidance particular for the Third Entry Report together with a copy of instructions in regard to the carrying out the above named survey and shall be glad if in the event of the matter requiring action at your port you will forward a report the same to this Office in due course.

I am,

Yours faithfully,
