Reference

The Secretary,

Lloyd's Register of Shipping,

London.

Dear Sir,

The s.s. "AGNES" No. 24 in the Supplement is at present under survey at Elsinore effecting damage repairs and the 3rd Survey is also partly being held.

We have been requested by the owners to hold a survey of the engines and boilers in order to entitle the vessel's machinery to have the notation of LMC made in the Register Book and in connection therewith we should be glad to be informed whether the main boiler fitted in 1891 is made under special survey and if a plan of same is found in your office we should be glad to have it sent to this office at your earliest convenience.

I am, Dear Sir,

Yours faithfully,

John S. Lloyd

Coburgsgen, K. 334 JULY 1914.

the engineer,

as follows,

as follows,

the secretary.

July 25, 1914
Lloyd's Register of Shipping,
London.

Dear Sirs,

We are pleased to inform you that we have

met at a recent meeting of the Executive Committee
of the Society of Engineers to consider the following

matter.

It has been decided to establish a new
committee to consist of members of the Society
and others who are interested in the history of
invention and discovery. This committee will be
responsible for the preparation of a report on
the history of invention and discovery in Great
Britain and Ireland, and will also be responsible
for the publication of the results of their work.
The committee will be appointed by the Executive
Committee and will consist of not more than
ten members. The members will be chosen from
amongst those who have made significant
contributions to the field of invention and
discovery in Great Britain and Ireland.

I am, Dear Sirs,

Yours truly,

Also for Mr. S. J. Hall

Society of Engineers
