

Extract from Messrs Dalgety & Co Letter dated Dunedin
20 June 1884

Dunedin 20 June 1884

We have received your cablegram of 24th May —
In accordance with your instructions therein we at once
advertised for tenders for the execution of the necessary
repairs to your Barque Latona in order that she might resume
her voyage with as little expense & loss of time as possible.
The repairs have been of an extensive nature, the vessel
having had to be recoppered. The amount of the Tender
accepted was £530, with additional amount for treenails,
bolts &c at schedule prices.

Mr Conway is superintending the repairs, as you
desired by wire —

We are now pleased to be able to report that the work is
nearly completed & she will soon be in a position to
reship her cargo and proceed on her voyage.

Yours faithfully
(Signed) Dalgety & Co Ltd
