

Extract from letters from Mr Conway. Overlooker on behalf
of Owners & Underwriters on Ship Latona

Dunedin 7 August 1884

"We have had a communication from Grain Agency Co
(Shipping Agents) the first on Monday last, informing us that the
Insurance Company had withdrawn their objection, and
that they had accepted the latter surveys of the vessels—
Seaworthiness; that under these circumstances they were
prepared to pay over the £1000 you had sent out, on condition
that a Bottomry Bond be given for remainder of disbursements."

Yours truly

(Signed) Mr Conway

Dunedin 15 August 1884

"I am glad to inform you the vessel is only making
very little water now - She only takes 5 minutes to pump
out after standing 14 hours - She will proceed to sea on
Monday the 18th inst. if no leak occurs"

Yours truly

Signed Mr Conway.
