Dear Sir

re "Latona"

In reply to your favor of yesterday, and Mr Davey's letter of the 12th inst. We and our Co owners in "Latona" are not quite decided on the course we will adopt, in the meantime may we ask you if Mr Davey could on reconsideration recommend the vessel to retain her class till her time is up (only next year) with her present main Deck, providing we carry out his other recommendations - The vessel has never damaged any cargo through her decks, and if properly caulked & carefully looked to, we think you will perhaps waive asking us to go to such heavy expense, seeing vessel is now so nearly off her class -

Yours truly
