30th June, 1915.

Dear Sirs,

M. I duly received Mr. Rowntree's letter of the 31st instant respecting the S.S. "ARMONIA", and with regard thereto I have to inform you that the stiffening of the collision bulkhead as stated in your report No. 63 is considered satisfactory, provided two horizontal stiffeners be fitted below the lowest laid deck, of the same size as the vertical stiffeners and bracketed to the ship's sides.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

GENOA.
