LONDON, 18th December, 1914.

THE SECRETARY,
Lloyd's Register of Shipping,
71, Fenchurch St.,
E.C.

Sir:-

In reply to your letter of yesterday's date, for which I am greatly obliged, I beg to inform you that this Legation has written to the builders of the "ARMONIA" asking to be furnished with complete plans of the vessel, which will be forwarded to your Society as soon as they are received.

I understood from Lieutenant-Commander Barrie that you would authorize your Exclusive Surveyor at Buenos Aires to proceed to Talcahuano and make the survey provided his expenses were paid by the Chilean Government. At Talcahuano, I may add, there is a dry-dock in which the vessel could be thoroughly examined.

I am, Sir,

Yours faithfully,

Justin Parand
