1 Enclosure

11th December, 1900.

Dear Sirs,

I duly received your letter of the 6th instant, in further reference to the untested anchor supplied to your steamer "ETNA", and in reply beg to acquaint you that there is no testing machine at Braila recognised by the Committee of this Society.

For your information, I enclose herewith a list of recognised proving machines, and shall be obliged if you will kindly let me know definitely for the Committee's information what steps you propose taking to have the anchor tested and submitted for inspection with its certificate by one of the Society's Surveyors with a view to entitling the vessel to retain the figure "1" for equipment in her class.

I am, Dear Sirs,

Yours faithfully,

Secretary.
