S.

26th November, 1900.

Dear Sirs,

I am in receipt of your letter of the 21st instant, respecting your steamer "ETNA", and in reply beg to acquaint you that the nearest port to Genoa at which there is a Testing Machine recognised by the Committee is Marseilles, and I shall be glad if you will state whether it is your intention on the vessel's arrival at Genoa to have the anchor in question sent to Marseilles for the purpose of being tested.

I am, Dear Sirs,

Yours faithfully,

Secretary.

Messrs. La Societa Anonima di Nav a Vapore Agrumaria Etnea,

C A T A N I A.
