8th., March, 1900.

Dear Sirs,

I beg to acknowledge the receipt of your telegram of the 7th. inst., having further reference to the case of your steamer "ETNA" at Libau, before the receipt of which, I may say, I had already telegraphed to Captain Russo suggesting that he should obtain from the Surveyors who surveyed the damaged propeller blades a certificate of their fitness for the intended voyage, before the vessel leaves Libau.

If this has been done, I have no doubt the matter is now all in order.

I am, Dear Sirs,

Yours faithfully,

Secretary.
