S.S.No.2-92

S.S.No.3 due May, 1896.

This vessel has recently been at West Hartlepool. At the beginning of the month the Surveyor at Bordeaux wrote that the Owners were giving instructions to the Master to submit the vessel to part S.S.No.3. The Surveyors at Hartlepool stated that the vessel was at the coal tips loading, and that it was not practicable to proceed with the S.S.No.3. The Bordeaux Surveyor now writes that he has been informed by the Owners that on the vessel's return in about 10 months the S.S.No.3 will be carried out. *51.8.96*

*Submitted for approval provided
the survey be completed before the
end of May 1897* *J.P. 21/8/96 app'd J.M.D.*
