

COPY.

4th June 1907.

Encs.

Gentlemen,

H.

With reference to your report No.3764 on the bk. "DECAPOLIS" and to my classing letter of the 24th ultimo enclosing a copy of a communication addressed to the Owner respecting the completion of the Third Special Survey No.3, I have to acquaint you the Owner now states the vessel is on her way from the River Plate to Great Yarmouth and will proceed from there to Swansea to load for Genoa where the inspection in question will take place. I have therefore to request that you will give the case the necessary attention and advise me immediately in the event of the vessel leaving your port without the survey being satisfactorily completed.

I enclose for your information an extract from the First Entry report together with instructions for carrying out the Third Special Survey No.3.

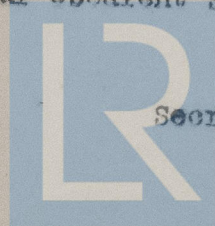

I am, Gentlemen,

Your obedient Servant,

The Surveyors,

Genoa.

Secretary
